Frequently asked questions

Q: What rule applies to a normal request?

A: Meal receipts require itemized lines. The request owner records the decision in the relevant case or workspace so another reviewer can reconstruct the result.

Q: What if the request arrives incomplete?

A: Ask for the missing scope, affected period and responsible owner. Shared meals must identify attendee roles without personal contact details. Do not close a case merely because it lacks an attachment; retain the clarification history.

Q: How should a conflicting answer be handled?

A: Cite FIN-006, version 2.0, effective 2026-04-01, and the relevant page. Distinguish current policy from an archived rule or a contract-specific exception.

Q: Can the support queue change the requirement?

A: The queue can explain a rule but cannot approve an exception. Route an exception to the process owner and retain the approval record.
