Purpose and scope

This onboarding guide describes facilities onboarding for Meridian Works. It is part of a wholly fictional enterprise knowledge base created for SynapseIQ retrieval experiments. The rules and figures below are invented operational assumptions, not real company rules or professional guidance.

Key requirements

1. Building orientation includes exits, assembly points and accessibility routes.
2. The fictional assembly point is Cedar Square.
3. Visitors follow host instructions during drills.

Authority: effective from 2026-04-01. If a local quick guide disagrees, use the current approved controlling policy and record the discrepancy.
