Document control	Value
Access level	INTERNAL
Effective date	2024-01-01
Status	archived
Owner	Engineering process owner
Scope	Meridian Works fictional enterprise; all locations unless stated otherwise

Purpose and scope

This product documentation describes orion api reference - archived for Meridian Works. It is part of a wholly fictional enterprise knowledge base created for SynapseIQ retrieval experiments. The rules and figures below are invented operational assumptions, not real company rules or professional guidance.

Key requirements

1. API version v1 used offset-based pagination with a maximum page size of 100.
2. Exports were synchronous.
3. Archived examples must not be used for v2 clients.

Historical notice: this version is superseded as of 2026-04-01. Use it only for questions explicitly asking about the 2024 rule.
