Purpose and scope

This SOP describes month-end close checklist for Meridian Works. It is part of a wholly fictional enterprise knowledge base created for SynapseIQ retrieval experiments. The rules and figures below are invented operational assumptions, not real company rules or professional guidance.

Key requirements

1. Close entries freeze on working day four of the next month.
2. Reconciliation evidence is retained for seven fictional fiscal years.
3. Material corrections reopen the close with controller approval.

Authority: effective from 2026-04-01. If a local quick guide disagrees, use the current approved controlling policy and record the discrepancy.
